Sir:

Please review and enter the following remarks summarizing the telephone interviews conducted on October 6, 2009 and October 7, 2009, between Applicant's representative, Andrew J. Taska, and Examiner Hiep Nguyen from the United States Patent and Trademark Office:

REMARKS

A telephone interview was initiated by Applicant's representative on October 6, 2009. During the interview, Applicant's representative argued that the outstanding Objections to the Drawings set forth in the June 8, 2009 Office Action were improper because *at least* FIG. 9 of the originally filed specification adequately shows the features recited in claim 19, as described on page 19, lines 18-25 of the original specification. In response, the Examiner agreed to consider such arguments and to telephone Applicant's representative once the Examiner had determined whether such arguments overcome the outstanding Objections to the Drawings.
